MusickPeeler

Real Estate

Musick Peeler's Real Estate Group represents clients in all aspects of the financing, leasing, development, sale, exchange and syndication of real property. The Group's attorneys have extensive experience with commercial shopping centers, office buildings, hotels, industrial parks and other common interest developments, as well as natural resource development.

The Real Estate Group provides services in every portion of real estate development, including land acquisition, financing and project analysis, construction and leasing. The firm's attorneys are proficient in negotiating and drafting commercial, industrial, shopping center, and ground leases.

The Real Estate Group is recognized for its expertise in land use planning and zoning matters. Its attorneys work closely with government authorities to achieve clients' development goals. The firm's Real Estate attorneys also represent some of the country's largest and most successful industrial lenders in all phases of financing activities, including due diligence investigations, loan documentation, workouts and foreclosures.

In conjunction with the Environmental & Public Law Group, the Real Estate Group provides counseling on environmental issues and natural resource law, performs regulatory work, and negotiates the terms of ventures organized to explore for, and develop, oil, gas, and other natural resources.
